

## MRS. KENNEDY INDICTED.

The Grand Jury at Kansas City Charge Her with Murder in the First Degree.

THERE MAY BE OTHER ARRESTS LATER.

The Tragedy Grew Out of Kennedy's Seeking the Annulment of What He Declared was a Marriage Under Duress, His Life Having Been Threatened.

Kansas City, Mo., Feb. 16.—Mrs. Lulu-Prince Kennedy, who shot and killed her husband, Phillip H. Kennedy, contracting agent of the Merchants Dispatch Co., in this city on January 10, was indicted by the grand jury for murder in the first degree.

The shooting was the culmination of a sensational wedding, which Kennedy had brought suit to have set aside, asserting it had been forced. Friends of the dead man aided the prosecuting attorney in trying to prove that Kennedy was the victim of a conspiracy. The grand jury considered the indictment of the father and brother of Mrs. Kennedy, but took no action in their cases. The prosecuting attorney will, however, it is stated, cause other arrests.

Mrs. Kennedy, who is 20 years old, called her husband from his office in the new Ridge building, in the center of the city and emptied four shots into his body, causing almost instant death. The couple were married in the district court on December 4. The bride and brother accompanied the bride, and Kennedy's actions indicated he was not a willing party to the contract. In his suit to have the marriage set aside, Kennedy asserted that his life had been threatened if he refused to marry the woman. At the coroner's inquest, Will Prince, a brother of the woman, admitted that at the time of the shooting and that he was present in the Ridge building at the time of the shooting and that he had struck the murdered man's brother when the latter tried to disarm Mrs. Kennedy. A physician testified that Mrs. Kennedy, who had come to him for medical advice, had told him, in November, that she was the wife of Case Patten, a base ball pitcher. C. W. Prince, father of Mrs. Kennedy, asserted that Kennedy had broken off the engagement with his daughter and was to have been married to a Grand Rapids (Mich.) woman.

**CLAIMED TO BE KIDNAPERS.**  
But Their Game Was Blocked by Discovery of Alleged Victim's Dead Body.

Kansas City, Mo., Feb. 16.—The dead body of William Stelp, of Johns & Stelp, hardware merchants, who mysteriously disappeared, on January 31 last, was found, yesterday, in a creek in an outlying portion of the city. Stelp had taken his life with a revolver which he still clutched in his hand.

About the same hour the body was found a relative of Mrs. Stelp handed Chief-of-Police Hayes a letter, received by the woman, in which the writer offered to return Stelp on the payment of \$1,000, which was to be left at a point designated.

Chief Hayes began preparations to trap the alleged "kidnapers," but before they were carried into effect the body of the missing man was found. The letter demanded that the money be sent at seven o'clock last night, and closed: "This money is not paid within this time your husband will suffer immediate."

Stelp, who had served as a juror on a murder case, worried himself insane over the verdict rendered, and wandered away. He had evidently been dead several days. The alleged "kidnapers" are believed to have taken advantage of his disappearance to play their game.

The police to-night arrested Wm. T. Beals, a teamster, aged 18 years, who was found acting suspiciously at the place where the money was to be left.

Red-hot irons were thrust into his blood-thirsty animal, but not until seven bullets had been fired into its body did it release its hold on its victim. Neilson was dragged from the cage more dead than alive and was hurried to the city hospital where he died as he was being carried in.

## DECISION IS IRREVOCABLE.

The Punishment of Guilty Chinese Must Be Carried Out as Ordered.

Pekin, Feb. 16.—The Chinese plenipotentiaries have replied to the latest telegram from the Imperial court that the decision of the foreign envoys with respect to the punishment of the guilty is irrevocable, although the sentence upon Gen. Tung Fu Chang can be suspended "until such time as it comes within the power of the court to place him in restraint, when his death will be demanded."

Although there have been no official communications on the subject between the envoys and the Chinese plenipotentiaries, there have been long official consultations between the latter and M. De Giers and Sir Ernest Satow, the Russian and British ministers. A definite reply from the court is not expected before the end of the new year's celebrations, at least ten days off, but the envoys believe that the court must yield.

**HERR BEBEL'S BITTERNESS.**  
Says the War in China Is the Meanest Waged by Prussia in Two Hundred Years.

Berlin, Feb. 16.—Herr Bebel's speech in the reichstag, yesterday, was the bitterest that had been heard for many years in that body. The war in China, he said, was the "meanest and most shameful which Prussia had waged in 200 years. He read a number of private letters from China in support of this assertion, declaring that it was "almost incredible that such brutality, lower than that among beasts, can survive in Christian Germany."

"But, of course," exclaimed Herr Bebel, "when the injunction went forth from the kaiser that no prisoners should be taken, it was no wonder that the troops behaved like Huns."

Herr Bebel was repeatedly called to order by the president of the reichstag. Gen. Von Gossler promised to prosecute all papers which printed letters from China derogatory to the German troops.

**FOREIGNERS NOT WANTED.**

Spain Discriminates Against Foreigners in Awarding Contracts for Railroads.

Washington, Feb. 16.—In a report to the state department, Consul General Hanauer at Frankfurt, Germany, says a royal decree, recently promulgated in Spain, discriminates against all foreigners by awarding contracts for the construction of railroads and tramways only to Spanish subjects or establishments whose headquarters are in that country. The order makes a provision that all shares and mortgage bonds must be paid in Spanish coin, as also the interests and dividends upon the same; that two-thirds of the board of directors must be natives of and permanently reside in Spain. The same rule applies to executive officers in the boards of supervision and management, as well as to engineers and superintendents. Deviations from this rule will be permissible only when considered necessary by the government.

**THE HATCHET BRIGADE.**

Fifteen Women Denude and Wreck the Joins of Perry, Kas.—Officers Stood Aloof.

Kansas City, Mo., Feb. 16.—A special to the Times from Perry, Kas., says: "Fifteen women followers of Mrs. Nation sallied forth at six o'clock last evening and, with axes and hatchets, denude and wrecked joints. The last visit, that to a drug store, ended in one of the women being severely burned by the breaking of a bottle of carbolic acid over her head."

"The sum total of the raid was 23 barrels of whisky, 62 kegs and 20 cases of beer turned in to the street, and \$800 worth of fixtures destroyed. A cheering crowd followed the crusaders from place to place. Neither the county nor city officers made any attempt to interfere."

**A Riot Is Threatened.**

Winfield, Kas., Feb. 16.—A riot is threatened here as a result of the crusade recently instituted against joints. The saloons men have many sympathizers who deny that the crusaders have a right to destroy saloon property. The partisans of each faction are arming, and a clash between them is imminent. Several ministers have been warned to leave the town or suffer the consequences. Saloon keepers have, however, agreed to close at midnight and to exclude chairs and slot machines from the bar rooms.

**A Plan to Suppress the Joints.**

Emporia, Kas., Feb. 16.—The principal churches of the city have agreed upon a plan to suppress the joints. He makes a precedent in deciding that United States marshals or their deputies can make arrests in emergency cases without warrants.

## THE LATE MINING HORROR.

Fire Being Gradually Subdued by Flooding—Assistance for the Families of the Entombed.

Vancouver, B. C., Feb. 18.—Additional details continue to come from the Union mines near Vancouver, Island, where the horrible fatality occurred Friday forenoon. The accident has thrown the towns of Cumberland and Nanaimo into a state of gloom.

The Canadian Pacific Railway Co.'s steamer Tartar arrived at Vancouver yesterday afternoon from the coaling station at Union, 12 miles from Cumberland. She brought two passengers, H. R. Raymond and Geo. Bennett, both coal miners. Neither had any theory as to the cause of the explosion in Number 6 shaft, in which the accident occurred. They say the cause is not known, and that it will never be known.

When the Tartar left Union at seven o'clock yesterday morning, the latest news from Number 6 shaft was that the flooding process was still being continued. The fire was still burning, although not so fiercely as during the preceding 36 hours. The tremendous volume of water pouring into the mines from the continuous supply furnished by an eight-inch main was gradually performing the desired service, and by to-day it was confidently expected the fire would be extinguished.

It will be several days, Raymond says, before the bodies of the 61 entombed miners can be recovered, after the fire has been completely put out. It will be necessary to pump the water out of the mine before a rescuing party can hope to remove the corpses now lying at the bottom of the shaft.

There have been further incriminating developments in the charges against Dr. D. M. Carman, the American contractor, who, with his partner, Theodorio Carranza, a Spanish merchant, was arrested February 6, charged with furnishing supplies to the insurgents. Proof has been secured of his dealings with the rebels, showing that he supplied them with uniforms, provisions, money and small arms. The investigation will be continued.

Many insurgent officers are surrendering.

## GARRIE NATION IN COURT.

The Case of Mrs. Nation for Smashing "The Senate" Saloon, in Topeka, on Trial.

HAD A LITTLE BRUSH WITH THE COURT.

Mrs. Nation Wanted a Window Open, and Seemed Surprised When She Found Someone Who Didn't Recognize Her Authority to Command Things.

Topeka, Kas., Feb. 19.—The case against Mrs. Nation brought by the proprietors of "The Senate" saloon, whose place she wrecked about ten days ago, was resumed in the city court. The court room was crowded.

W. L. Jamison appeared for the state to prosecute the case, and J. M. Dumenil for Mrs. Nation. The table between the two attorneys was piled high with law books, and Mrs. Nation's attorney had, besides legal books, many quotations from the Bible. Mrs. Nation sat behind her attorney, and spent most of her time writing upon a small tablet. The argument was commenced by the defense, and Attorney Dumenil cited many authorities.

**A Parable From the Bible.**

In speaking of the first case as a parallel to Mrs. Nation's smashing he said: "It is found in the Bible in the temple. We find by Matthew that Christ entered the temple and abolished that nuisance."

He cited the New Hampshire law, which says that the private party abating a nuisance does not have to do it in a manner best suited to the other party. That means that the liquor does not have to be carefully poured out. "The New Hampshire statute says that public nuisances may be abated by the acts of individuals."

**A Brush With the Court.**

At this point Mrs. Nation left her seat and opened a window. The cold wind swept in and blew the papers about the court room.

"Close that window and open it from the top," said Judge McCabe to Marshal Ross.

Mrs. Nation took her seat and Ross closed the lower sash and opened the top sash. Mrs. Nation rushed back and threw up the lower sash again.

"Take your seat," commanded the judge. The marshal will take care of the windows."

"He didn't do it," snapped Mrs. Nation.

"You sit down and tend to your business and I'll tend to mine," retorted the marshal, as he closed the window.

Mrs. Nation was surprised. She is in the habit of having her own way, and this was rather a shock to her. She looked at Ross too surprised to say a word.

When the arguments were concluded the court took the matter under advisement and will render a decision Thursday morning.

**MRS. NATION GOES TO JAIL.**

Refuses to Furnish Bond to Keep the Peace—Acted as Her Own Attorney.

Topeka, Kas., Feb. 18.—Mrs. Nation is now in the county jail as a result of her trial on a peace warrant before Judge Hazen today. The warrant was sworn to by the Moerser Cold Storage Co., whose plant Mrs. Nation entered yesterday morning.

Mrs. Nation acted as her own attorney.

Judge Hazen placed her under \$2,000 bond to keep the peace, and ordered her to appear before him at the next term of court. Mrs. Nation refused to give bond, and she said she would go to jail. She is now detained in the hospital room of the county jail where she will probably remain for some time.

In the city court this morning arguments were heard in the case brought against Mrs. Nation by the proprietors of the wrecked "Senate" saloon. Judge McCabe said he would take the matter under advisement until Thursday morning.

It is not likely that Mrs. Nation will be able to give bond because she declares she will resume her smashing crusade against the "joints" immediately upon her release. Her friends have been advised that Judge Hazen will order her release only on promise to send her to her home at Medicine Lodge.

Judge Hazen to-night placed Cal McDonald, Mrs. Rose Crist and Miss Madeline Southard under peace bonds. McDonald's bond is \$1,000; the others are \$500 each. The judge delivered a scathing address to the three Nation devotees. He expressed the opinion that Mrs. Nation is insane and that those persons who encourage her methods of reform ought to be ashamed of themselves.

## AWFUL TRAGEDY IN GEORGIA.

Mrs. H. M. Wilson, a Young Widow, Murdered by Wm. Hamilton, Who Committed Suicide.

Atlanta, Ga., Feb. 19.—The dead bodies of Mrs. H. M. Wilson, a young widow, and William Hamilton, a student in pharmacy, who disappeared from Atlanta one week ago yesterday, were found Sunday night one mile from the end of the Chattahoochee car line. The surroundings indicated that Hamilton had killed Mrs. Wilson, set fire to the woods near her body and then ended his own life. Both bodies were badly burned, and rested upon breastworks thrown up by the confederates to stem the advance of the federal army on Atlanta in the war of the rebellion.

The bodies were found by two negroes, who, being unable to impress anybody with the truth of their statements Sunday night, did not press the matter until yesterday.

There was a bullet wound through Mrs. Wilson's right hand and another in the right temple. The left foot was burned entirely off, the flames had destroyed her hair and her left hand was burned, save for one finger, which bore a wedding ring.

By the side of Hamilton was found a revolver and an empty cigarette box. There was a hole in Hamilton's left temple and a few inches from his left hand lay a small mirror, evidently used to direct the bullet.

When Mrs. Wilson left her mother's home, one week ago, she wore only a morning gown of light material and a light dressing sash. She was without a hat and her feet were encased in slippers.

Hamilton came to Atlanta from Mobile. His tuition and expenses at college here have been paid by Mrs. H. M. Goodham, of the city, according to a recent letter from her to Mrs. Wilson. It is known that Hamilton has been devoted to Mrs. Wilson for some time, but her parents assert that she gave him no encouragement.

The relatives of the wounded man say that the woman attempted to shoot Doyle about a week ago, and that they will prosecute her. They had been keeping company and quarreled.

Miss Davis was born and reared in California. She came to Kansas City four years ago, and has worked in a wholesale drug house here. She says she is a professional nurse. Doyle is 28 years old and prominent.

Bill for Whipping-Post for Wife-Beaters to Be Pressed for Enactment into Law.

Springfield, Ill., Feb. 19.—A bill for the whipping post for wife-beaters and wife-deserters will be introduced and brought to an issue in the present session of the legislature. One has been under preparation for some time.

Representative Kitt Gould, of Chicago, has been looking up the statutes of other states along that line to learn where such laws exist, and whether they have given satisfaction in the communities where they have been applied. After doing so he decided he would draft a measure to apply to Illinois.

Now that the Chicago bureau of charities has taken up the subject and recommended corporal punishment for husbands and fathers who desert their families, Representative Gould will confer with the association officials and other interest persons, with a view to preparing a satisfactory measure.

There were 347 strikes and lockouts in New York state last year, as shown by the report of the state board of mediation and arbitration. The strikers were successful in 335 cases, either gaining all they wanted or compromising.

**A NURSE'S STORY.**

A Graduate of Lakeside Hospital, Lake Geneva, Tells an Interesting Experience.

Peshtigo, Wis., Feb. 18, 1901. (Special).—One of the most popular nurses that ever graduated from the Lakeside Hospital, Lake Geneva, is Miss Lillian Dreese, of this place. Miss Dreese is the Vice Templar of the Independent Order of Good Templars, and Organist of the Rebecca of Peshtigo. During her twelve years' experience as a trained nurse, she has had many opportunities for observation, and her opinion in all medical health matters is held in very high esteem by the thousands who have learned to know and love her. In speaking of her experience she says:

"During my twelve years as a trained nurse, I have often observed how many different physicians give their patients Dodd's Kidney Pills in cases of Diabetes and Kidney Trouble. About three years ago, I myself suffered some months with a weakened and continual congested condition, and I decided to try what the Pills would do for me. I soon found that they built up the affected parts, and restored harmony to the entire system, and although I often lose much sleep and rest while attending severe cases, I find that I was never in finer health nor had more endurance than since I have used these marvelous Pills."

Clergymen say they are good, Senators and Congressmen have added their evidence as to the wonderful curative properties of this medicine, hundreds of physicians recommend them and use them in their daily practice. The most skilled trained nurses advise their use and use them themselves, while tens of thousands of sick and suffering people are being cured every day by Dodd's Kidney Pills. They should cure you. They will cure you. Try them.
